

## On Line Vehicle Registration

We are pleased to offer our customers who are renewing their registrations the convenience of submitting renewal requests and payments online.

### How Does This Work?

Our service is only available to Exeter residents who wish to renew their registrations. It is not available for new, first-time, or plate transfer registrations.

Please have the following items handy before continuing:

- Your vehicle renewal notice letter, which we will email to you, provided we have been given your email address
- Your current registration
- A valid email address.

Usually, within one to two business days of submitting your online payment, your registrations will be processed and mailed back to you within four or five business days.

To use our online vehicle registration renewal service, you must understand and agree to the following **terms of service**.

Submitting your request to renew your vehicle registrations is not the same as registering your vehicle. Online submissions do not constitute a contract or requirement for us to comply with those requests. Until you receive your official registration form and decals from us, your vehicle is not considered registered. Unpaid parking tickets, missing or incorrect information, data transmission problems, and other causes may delay or prevent the processing of your registrations by the Town of Exeter. A non-refundable convenience fee will be assessed to you for each vehicle you renew online using this service.

In the event of any problems or questions, we will attempt to contact you by email or telephone, but the Town of Exeter is not liable if, for any reason, we are unable to do so, or if you do not respond to such communications. It is your responsibility to contact us if you have not received your registrations within 10 days of your online submission, and to comply with State of NH Laws regarding the registering and operation of your vehicles.
